AGENDA ITEM 10.A.

Date: August 7, 2025

From: Krystle Brogna, Executive Officer

Subject: **Status of MSR/SOI Updates**

As part of the FY2025-26 workplan, staff are preparing several MSR/SOI updates for agencies covering fire services and County services.

BACKGROUND

The Cortese-Knox-Hertzberg Local Government Reorganization Act directs Local Agency Formation Commissions (LAFCOs) to regularly prepare municipal service reviews (MSRs) in conjunction with establishing and updating each local agency's sphere of influence (SOI). The legislative intent of MSRs is to proactively assess the availability, capacity, and efficiency of local governmental services. MSRs may also lead LAFCOs to take other actions under their authority, such as forming, consolidating, or dissolving one or more local agencies in addition to any related sphere changes.

DISCUSSION

Burney Fire Protection District MSR/SOI Update

Staff previously reached out to Burney FPD to obtain additional background documents to complete a draft MSR/SOI Update. The District was responsive and staff were able to complete an administrative draft. The EO conducted a review of the initial draft and sent an administrative draft to the District for review and comment. The District provided comments in early July and the MSR is set for hearing at the Commission meeting on August 7th for Commission and public review.

County Service Area #2 - Sugarloaf, #3 - Castella, #6 - Jones Valley, and #13 - Alpine Meadows MSR/SOI Update

Staff are in the early stages of data collection for this MSR/SOI update and have reached out to the State Board of Equalization regarding Tax Rate Area discrepancies. Staff will be coordinating with the County on the status of services and current funding for the CSAs. The document is tentatively scheduled for an initial hearing at the December 2025 Regular Commission meeting.

Anderson Fire Protection District MSR/SOI Update

Staff have begun reviewing the prior MSR/SOI Update and are beginning data collection for the 2025 update. Staff will be reaching out to the District to coordinate requests for information and obtain input on the status of their services.

RECOMMENDATION

Staff recommends the Commission review the status of the upcoming MSR/SOI Updates and provide direction to staff as needed.
