Re: President's Special Acknowledgement Award – Property/Liability Program

Dear Mr. Fust:

This letter and enclosed certificate are to formally acknowledge the dedicated efforts of the Shasta Local Agency Formation Commission's Governing Body, management, and staff towards proactive risk management and loss prevention training for earning the President's Special Acknowledgement Award! The Award is to recognize members with no "paid" claims during the prior **five consecutive program years** in the Property/Liability Program.

A "paid" claim for the purposes of this recognition represents the first payment on an open claim during the prior program year and excludes property claims. Your agency's efforts have resulted in no "paid" property/liability claims for the prior five consecutive program years including 2018-19. This is an outstanding accomplishment that serves as an example for all SDRMA members!

It is through the efforts of members such as Shasta Local Agency Formation Commission that SDRMA has been able to continue providing affordable property/liability coverage to over 500 public agencies throughout California. While 424 members, or 84%, in the property/liability program had no "paid" claims in program year 2018-19, 270 members, or 53%, had no paid claims for the prior five consecutive years.

In addition to this annual recognition, members with no "paid" claims during 2018-19 earned two credit incentive points (CIPs) reducing their annual contribution amount, and members with no "paid" claims for the prior 5 consecutive program years earned three additional bonus CIPs.

Included with this letter and certificate is your press release template so your agency may showcase this important accomplishment.

On behalf of the SDRMA Board of Directors and staff, it is my honor to congratulate your Governing Body, management, and staff for your commitment to proactive risk management and loss prevention training.

Sincerely,
Special District Risk Management Authority

Mike Scheafer, President
Board of Directors
